Olde English Wall Patio and Pub Bistro Table | 2011

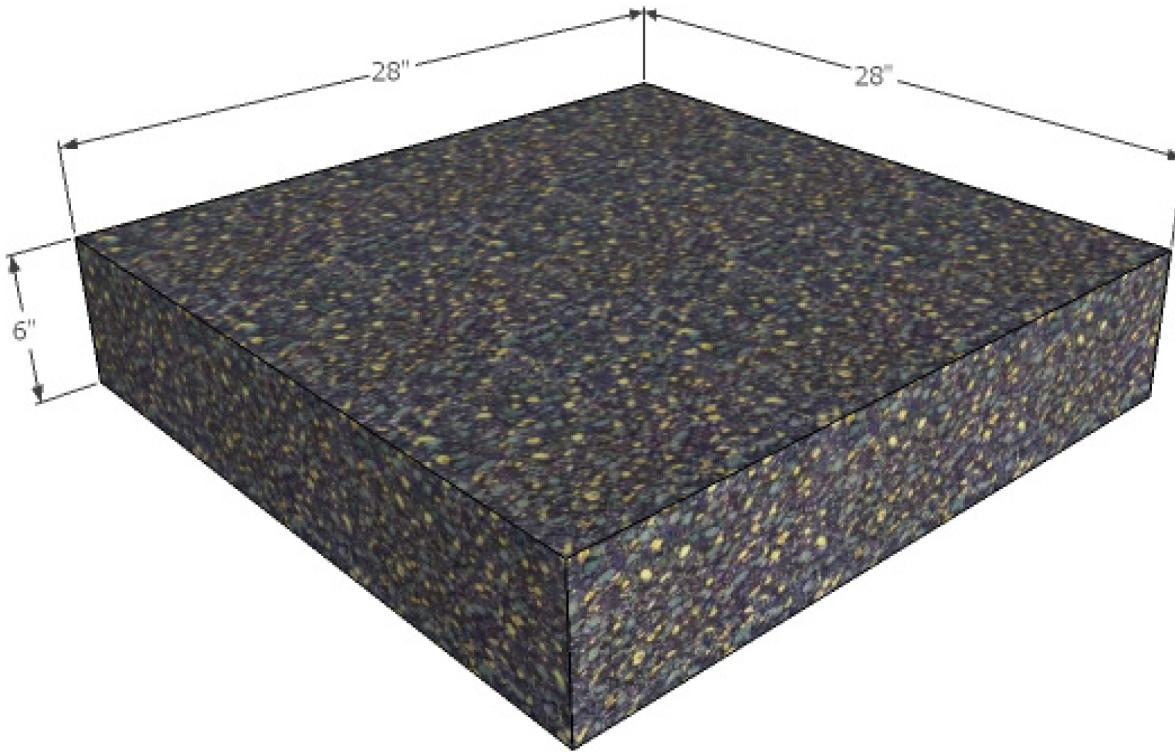

Layer Reference Guide:

Guía de Referencia:

Base:

Mark off the outline for the column to be built. Have the footing at least 4" wider than the column on all sides. Excavate to a depth of 9 1/4" and compact soil with a plate compactor or hand tamper. Fill with 6" of $\frac{3}{4}$ inch quarry process stone. Compact in 3" lifts until level. Base may also be built out of poured concrete if desired.

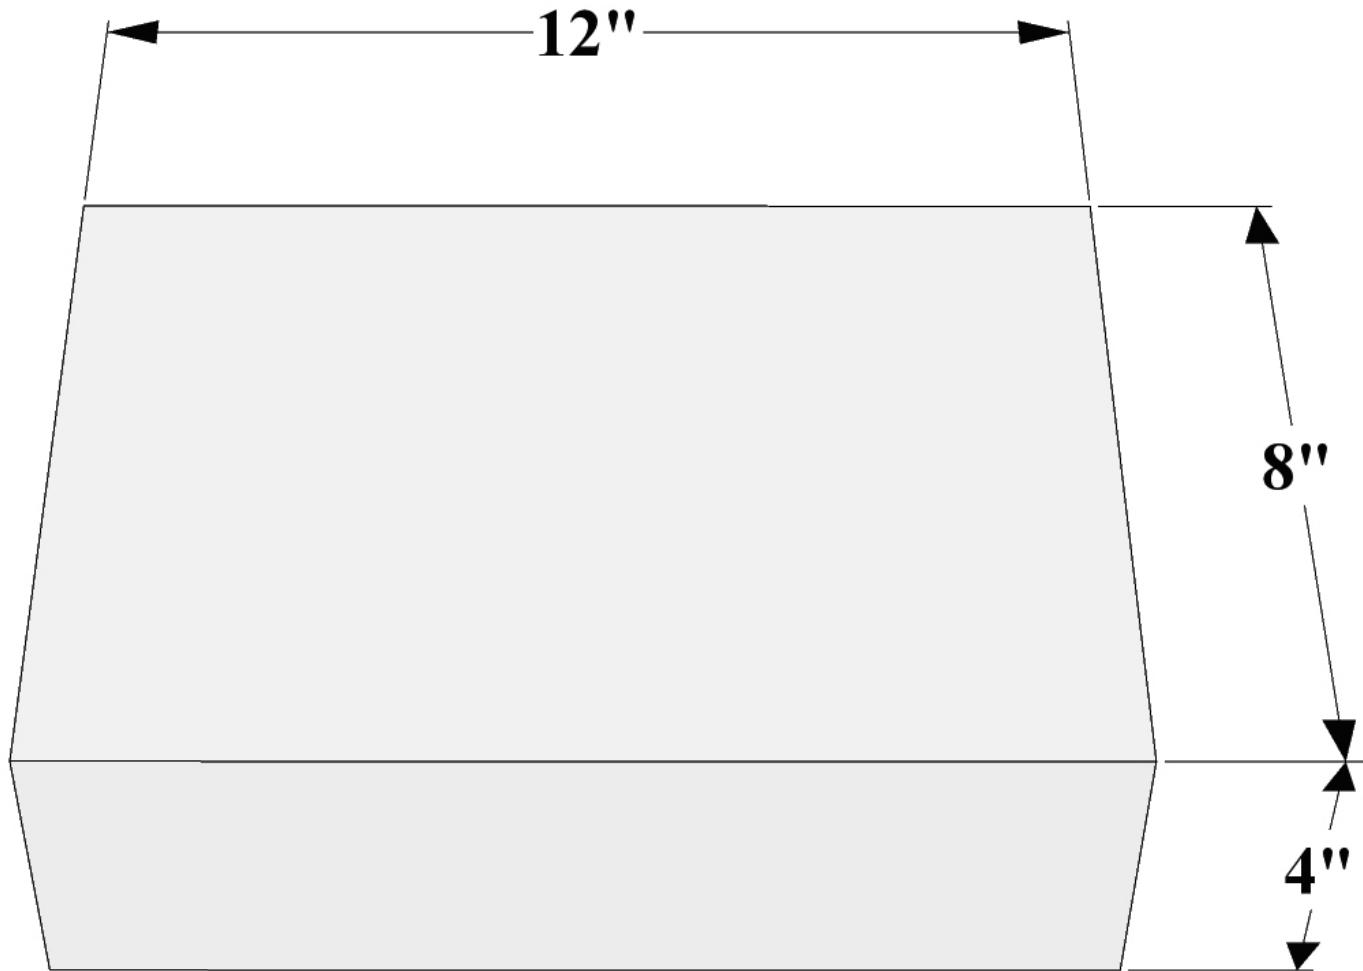

**Base:**

Marque apagado el esquema para que la columna sea construida. Tenga el pie por lo menos 4" más de par en par que la columna en todos los lados. Excave a una profundidad de 9 1/4" y a suelo compacto con un pisón del compresor o de la mano de la placa. Llene de 6" pulgadas de la piedra del proceso de la mina de la pulgada del $\frac{3}{4}$ ". Condense en 3" elevaciones hasta nivel. La base se puede también construir fuera del concreto vertido si está deseada.
