Imagine Yourself Here

Ledgestone 18 x 18
Limestone Quarry Blend
A Chance to Unplug
After an amazing vacation a lot of homeowners are overcome with that old familiar feeling of not wanting to return to “normal” everyday life. Where are the never ending water features and outdoor bars? Where are the accommodating staff members asking if they can be of any service, and replying with “my pleasure” in return? Reality sets in and the water features become a washing machine and shower, the refrigerator becomes the closest thing to a “wet bar,” and your family’s responses to your needs are less than accommodating. Vacation is over, and so are the lazy days filled with rest and relaxation.

It is back to business as usual. Weekdays that seem to drag on and weekends that seem to be over in the blink of an eye. Gone are the easy breezy feelings that come along with vacation. You and your family long for those days, and wonder if it is possible to recreate those feelings again without having to get on a plane or rent a hotel room.

This is when the wheels start turning in your head. How can I create a resort like feeling in my own backyard? Over the years you may have visited friends’ homes and admired backyards full of pavers, fire pits, and even outdoor kitchens and bars. This is when you think to yourself, why can’t I create a space I would never want to leave, and would look forward to coming home to all year round?

Well, you can with Cambridge Pavers with ArmorTec®! Visit us online today to find an authorized distributor near you. Here you can begin your journey by looking at all of the colors, sizes, textures, and products we offer. Next, you can meet with a contractor who will be able to help your vision come to life and can even show you digital designs based on your current backyard space.

Even if you cannot execute the whole project all at once, just know that in time and with proper planning you will accomplish your end goal. Your contractor can work with you in phases that will accommodate your budget, which will make the whole process seem way less overwhelming.

Therefore, my advice to anyone who is looking to extend their living space beyond their four walls is to visit Cambridge Pavers’ website. This is the first step in creating the perfect stay-cation in your very own backyard.
CREATE YOUR PERFECT PATIO IN PHASES OVER TIME!

Outdoor Lifestyling™ with Cambridge Hardscaping and Outdoor Living Products can create beautiful, wide open spaces and unique enclaves for family and guests who appreciate four-season enjoyment just footsteps from their back door.

**DREAM IT**
10 x 10 Paver Patio with Seating Wall

**BUILD IT**
Add on 100 square foot Paver Patio Extension with Fire Pit Kit and Radius Seating Wall

**DESIGN IT**
10 x 10 Paver Patio with Pre-Packaged Grill Kit

**YOUR VERY OWN OUTDOOR LIVING SPACE**
Add on a 16x16 Paver Patio Extension with High Strength Fiberglass Pergola Kit
Breathing Space
After many years of outstanding performance and beauty, Cambridge Pavingstones with ArmorTec® remain recognizably smooth and dense with rich color. The sustainable benefits are a result of a proven formula used in manufacturing ArmorTec® – only environmentally friendly raw materials, super fine sand granules, and cement of the highest quality.

Without ArmorTec®, the Pavingstone will look less attractive as the sand and cement wear over time. This detracts from the appearance of the surface and contributes further to their worn look.

*Shown is a Cambridge Pavingstone intentionally manufactured without ArmorTec® installed in 2006.

CHOOSE AN OPTIONAL RING KIT FOR YOUR FIRE PIT
Designed for Olde English and Pyzique Round Fire Pits available in:
- Cast Stone (3 pieces; 3” thick) & Bullnose (4 pieces; 2 3/4” thick) - Bluestone Blend or Chestnut
- Granite (2 pieces; 1 1/2” thick) - Black Uba Tuba or Venetian Gold

Cast Stone, Granite or Bullnose Ring has to be purchased and installed at the same time as the fire pit because of different installation requirements for these products (brick & heat sensitive mortar).

CAMBRIDGE GLASS FIRE BEADS
(Optional Glass Fire Beads needed: 60 lbs. - Round Fire Pits / 50 lbs. - Square Fire Pits)
Note: Do not cover natural gas burner completely with glass fire beads to ensure your unit will burn properly.

Available Glass Fire Bead Colors
- Diamond
- Aqua
- Emerald
WOOD-BURNING FIRE PITS

Pre-Packaged MaytRx Square Fire Pit Kit
- Optional Grate Insert turns Fire Pit into BBQ
  - 23” inside dimension, 44” outside dimension, 21” high
  - Shown in Renaissance Toffee/Onyx with optional Grate Insert and Barbeque & Fire Pit Spark Screen

Pre-Packaged Pyzique Round Barbeque & Fire Pit Kit
- The metal ring insert has dual opposing cooking grates
  - 32” inside diameter, 50” outside diameter, 16” high
  - Shown in Split Face Sahara/Chestnut with optional Barbeque & Fire Pit Spark Screen

Pre-Packaged Ledgestone Round Barbeque & Fire Pit Kit
- The metal ring insert has dual opposing cooking grates*
  - 32” inside diameter, 50” outside diameter, 16” high
  - Shown in Bluestone Blend with optional Barbeque & Fire Pit Spark Screen

*Fire pit grates are designed to cantilever over the fire for cooking. Installation instructions included.

CAMBRIDGE BARBEQUE & FIRE PIT SPARK SCREEN
This optional stainless steel screen is durable and hinged for easy access to the fire and offers protection from flying embers. Fits onto all square and round barbeque & fire pits.

CAMBRIDGE BARBEQUE & FIRE PIT COVER
This optional galvanized steel cover prevents dirt and debris from entering the fire pit when not in use. Fits onto all Square and Round Barbeque & Fire Pits.

Note: An open fire will damage the Spark Screen. It has been specifically designed and engineered for containing sparks and embers only.

- 15’ 10” wide, 9’ 11” deep
- Measurements are column cap end to column cap end
- Heights:
  - Seat: 17 3/8”
  - Back Wall: 35 5/8”
  - Column: 47 5/8”
- Includes 6 pieces of natural stone bullnose treads for the seat and wall cap
**NEW! Pre-Packaged Louvered Pergola**
- Aluminum pergola with rotating louvers, providing protection against rain and sun.
- Available in 2 standard colors: White and Anthracite Grey
- Maximum dimensions single pergola with 4 posts:
  - 1 roof module: 14’ wide x 19.5’ long x 9’ high
  - 2 roof modules: 19.5’ wide x 19.5’ long x 9’ high

**Pre-Packaged Fan-Shaped Pergola**
- Fits in an area 13’ x 13’ from corner
- Choice of two or four 10” diameter or square fiberglass Tuscan columns & bases (columns come in base white)
- Columns can be set on any Cambridge Wallstone Columns *not included*
- All components are pre-cut & drilled for easy assembly
- Size: 9’ 9” high, 9’ 2 1/4” wide (back) & 18’ 4 5/8” (front)

**Pre-Packaged 4-Column Pergola Kit**
- In white with a wide range of custom colors available
- Four 10” square, fiberglass Tuscan columns to be set on any Wallstone Column *not included*
- Add an easy to connect, optional Overhead Canopy*
- Available in 16’ x 16’, 16’ x 20’ & 20’ x 20’ or specify any custom size

**Pre-Packaged Colonnade 2-Column Pergola**
- Two 10” diameter fiberglass Tuscan columns & bases (columns come in base white)
- Columns can be set on any Cambridge Wallstone Column *not included* or Outdoor Living Component
- All components pre-cut & drilled for easy assembly
- Standard size: 9’ 9” high, 8’ deep & length as per order

**Pre-Packaged Pergola Kit**
- Attractively covers your entire Cambridge Pre-Packaged Kitchen Kits
- Kit includes all of the material and hardware required to build your pergola
- Two 10” diameter fiberglass Tuscan Columns & bases (columns come in white base)
- All components are pre-cut & drilled for easy assembly.
- Optional Pergola Lights available.
- Standard size: 9’ 9” H x 12’ 10 1/2” W x 8’ D

---

*Available Pergola Canopy Colors*

- Green
- Red

*For extra shelter from the sun and rain, add an easy to connect, optional overhead canopy to your 4-Column Pergola Kit with durable, extruded aluminum parts (as shown in photograph), which includes a WeatherGuard rain layer. A choice of stylish fabrics, green or red with beige stripes and Roman pleats, carries one of the best fabric warranties in the industry!*
**Pre-Packaged Pavilion Kit**

- Arched beams and dental molding highlight our new pavilion design
- Substantial and well-appointed, constructed of traditional building materials with all exposed surfaces using low maintenance materials.
- Cathedral ceiling is made of tongue and groove mahogany stained pine
- Choose from 2 standard sizes (10' x 15' and 12' x 18') or specify any custom size to meet specific requirements of your project.
- Four 4’ round columns to be set on any Cambridge Column (not included). 8’ round columns are available as shown in photo below (square columns available as custom order).
- Pre-crafted components and hardware, along with a complete set of drawings and construction techniques, are provided to facilitate installation by your carpentry crew or take advantage of an optional local installation service.

**Pergola & Pavilion Curtain Set**

- Includes eight panels
- High strength magnets keep panels closed where curtains meet between columns
- Ties in matching fabric keep panels pulled back against columns when open
- Available in black or white mesh fabric (shown in white)
- Complete with all installation hardware & instructions
- Custom curtain sizes available
**Eternal Flame**
- Build one or more into any custom Cambridge Wall System
- Situate in an enclosure of Cambridge Wallstones as a stand-alone element
- Available in Natural Gas or Liquid Propane

**H2OnFire**
- Patent pending burner design (65,000 BTU flame) with backflow prevention
- Remote control with auto relight, filtration, pump and level adjustment
- Available in Natural gas or Liquid propane
- Size: 53” inside, 68” outside, 19” height (wallstone), 28” height (fountain)
- Color: Shown in Ledgestone Wall Bluestone Blend with Ledgestone Cap Bluestone Blend
  This product is available as Special Order only

**Rectangular & Round Pre-Cut Pre-Packaged Waterfall Kits**
- 24” wide waterfall and a 1-piece, 33-gallon basin with pre-filtered pump chamber
- Select one light color or run all 16 sequentially by remote control
- Rectangular shape with Olde English Wall
  - 3’ 4” high x 3’ 4” deep x 7’ wide
  - Shown in Bluestone Blend
- Round shape with Olde English Radius Wall
  - 3’ 4” high x 3’ 5” deep x 7’ wide
  - Shown in Sandstone Blend

CAPS & COLUMNS
CAST STONE COLUMN CAPS
Caps are available in two dimensions: 24" x 24" or 26" x 26", in Bluestone and Chestnut.

CAST STONE FLAT COLUMN CAP
- Chestnut shown on Olde English Column Sahara/Chestnut

CAST STONE PYRAMID COLUMN CAP
- Bluestone shown on Pre-Packaged Column Kit Split Face Toffee/Onyx

CAST STONE LIGHT COLUMN CAP
- With flat surface on peak for fixture
- Chestnut shown on Olde English Column Sahara/Chestnut

PRE-PACKAGED COLUMN MAILBOX KITS
Includes a corrosion-proof fiberglass box with a powder-coated, forged metal door in an antique bronze finish. Complete with wallstones. Choose MaytRx 6 (Split Face or Renaissance) or Olde English Wall. No cutting necessary. Caps are not included.

PRE-PACKAGED COLUMN KIT CAP & HAT™
This unique product group offers two choices to add the finishing touch to a column. A finished cap with or without a second hat dimension (i.e., “Cap & Hat”). Available in Split Face or Renaissance. Shown in Split Face Sahara/Chestnut.

FULLY-ASSEMBLED GRAND COLUMN
Made of Olde English Wall with insets of Cambridge 4 x 8 Holland Pavingstones from the KingsCourt Collection. Available in two sizes: Large (32" x 32", 56" high) or Extra Large (42" x 42", 68" high). Shown in Extra Large with optional Column Mailbox insert.

PRE-PACKAGED COLUMN KIT
Each kit is conveniently pre-packaged with the required number (36) of Cambridge 6" column Wallstones to build one 22" x 22" column, 4 feet high above ground with one course buried. Cast Stone Cap not included. To add an electrical fixture, a 6" cavity is left in the center of the column for wiring. Shown in Split Face Onyx/Natural.

GARDEN GATE KIT
Specially designed for exterior use, this stylish solid mahogany door and frame are oiled and ready to install. It can also be stained or finished for your choice of final effect. A dead bolt provides security.

### NEED A PROFESSIONAL INSTALLER? LET US HELP!

You are about to make an important investment in your home, so invest the time it takes to find the right person for the job.

Visit us @ Cambridgepavers.com and click on the Homeowner Tab.

After filling out the form, one of our sales specialists will provide your information to professional installers in your area. Please make sure you do your homework. These professional installers are not employees of Cambridge. Please complete the following steps:
- Please view ICPI’s Consumer Guide brochure - a great resource guide to interlocking concrete pavers, which offers a contractor comparison checklist
- Also go to our links located in our homeowner guide section “Knowing the Contractor” and “Knowing when the Installation is Being Done Right”
- Be sure the contractor visits your home before providing the proposal
- Ask for references and visit past projects the contractor has completed

You should be contacted within 72 hours.

### Choosing A Color...

**WHAT ARE CAMBRIDGE BLENDS?**
Cambridge makes available one of the most comprehensive selections of solid and blended colors in the market. The blended colors shown are combinations of two or three solid colors selected by the Cambridge color lab. They are mixed in unequal amounts for an outcome that is truly unique to each pavingstone, and as a result, to every installation as well. Since this is a random process, Cambridge Blends are different in every cube of pavers. Therefore, one color may predominate the other. Cambridge Pavingstones are made from natural, environmentally-friendly material, therefore, variations in color may occur.

**ACHIEVING THE BEST COLOR DISPERSION**
When spreading Cambridge Pavingstones, solid or blended colors over a wide area, remove units by the band, from top to bottom and use multiple cubes of pavers to achieve optimum results.

**MAKING AN ACCURATE SELECTION**
Final selections should be made from samples obtained from an Authorized Cambridge Distributor or professional pavingstones and wallstones contractor.
Are you looking for unique, one-of-a-kind pavingstone colors? Well the search is over! The South Beach Collection brings soft, pastel shades that are as lively as Ocean Drive. All of our pavers are available in South Beach colors through special order only (minimum order required).

**SEE FOR YOURSELF...**

*Only CAMBRIDGE has ArmorTec® and color THROUGHOUT every pavingstone we make!*

In manufacturing Cambridge Pavingstones with ArmorTec®, a proven formula consisting of only environmentally friendly raw materials, super fine sand granules, and cement of the highest quality are used in the unique mix design.

Custom colors, as well as pavers with Blue and Shell pigments, do not have color throughout.
Cambridge Pavers Inc. warrants to the owner that, should a Cambridge pavingstone or wallstone, installed according to ICPI installation guidelines, prove defective, it will be replaced without cost. Replacement labor is not included. This warranty is transferable with valid proof of purchase.

NOTE: Efflorescence, a whitish powder-like deposit that sometimes appears on concrete products, in no way affects the structural integrity of the pavers or wallstones and will wash and wear off over time. The use of concrete setting beds may also increase the possible occurrence of efflorescence. Because this is a natural occurrence, Cambridge Pavers Inc. accepts no responsibility or liability for this condition. Cambridge Pavingstones are made from natural, environmentally-friendly material, and therefore, variations in color may occur.

Polymeric haze from the use of polymeric joint sand may appear on your concrete products if the sand was not removed from the surface of the paver properly. This does not affect the integrity of the product or your installation. The hazing will weather away naturally with time or it can be removed with a specialized cleaner, you are advised to contact your contractor. Cambridge Pavers Inc. accepts no responsibility or liability for this occurrence.

NOTE: Cambridge Pavers, Inc. is offering the Alliance Gator Base products based on customer requests. The use of this product is not covered under ICPI guidelines or Cambridge’s warranty. All warranty claims will be forwarded directly to Alliance.

NOTE: Custom colors as well as pavers with Blue and Shell pigments do not have color throughout. Cambridge Wallstones are made without AmorTec®.

SNOW REMOVAL equipment should have the proper rubber blade guards to protect the surface of the pavers. Cambridge Pavers is not responsible for any damage caused by snow removal equipment, which may leave burns and scuff marks on pavers.

NOTE: De-icing chemicals — We recommend using sand as the preferred method for providing skid and slip resistance. If using de-icer we recommend only sodium chloride (NaCl). De-icer should be applied sparingly. Once loosened snow and ice should be promptly removed to avoid a build-up in concentration of the de-icing chemical. Do not use products that contain a blend of chemicals.

IMPORTANT NOTICE: A bolt-on urethane protection mat must be attached to the plate compactor as a precaution against surface scuffing on all Cambridge textured products. Installation guidelines must follow those as instructed by the Interlocking Concrete Pavement Institute (ICPI).

In order to make a claim under this Warranty, the owner must return the defective pavingstone or wallstone to the dealer who sold the product. Any implied warranties of merchantability and/or fitness for a particular purpose are limited as stated above. The exclusive remedy under this Warranty is replacement of a defective paver or wallstone. Cambridge Pavers Inc. shall not be liable for incidental or consequential damage arising from any breach of warranty. Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to you. Any court action making a claim under this Warranty must be commenced within one year of the date on which the defect was, or in the exercise of reasonable care, could have been discovered. This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Cambridge adheres to ASTM Designation C 962-83 standards as found on our vehicle. Vehicular stresses should be accommodated through pavingstones with an aspect ratio of 3:1 or less. Units with an overall length to thickness aspect ratio of 4:1 or greater should not be used in vehicular applications (ICPI Technical Specification 10). An example of a Cambridge product not suitable for vehicular applications is the Ledgestone XL which has an aspect ratio greater than 4:1. This product should only be used in pedestrian applications (sidewalks, pation, walkways, etc.).

CAST STONE PRODUCTS WARRANTY: Cambridge Pavers, Inc. warrants to the original purchaser (with a proof of purchase) that should Cast Stone products (Steps, Caps, Brick Alley Cast Stone or Belgium Cast Stone 5-Pc. Design Kit) installed according to industry standards and in compliance with our installation guidelines, prove defective, they will be replaced without cost. Replacement labor is not included. This Warranty is good for as long as the original purchaser owns the real property on which the Cast Stone was installed. Cast Stone products meet or exceed ASTM C672. Do not use de-icing salts (sodium chloride (NaCl)) on cast stone products. Cambridge cannot guarantee the color match of any replacement units. Cast stone products cannot be compacted.

NATURAL STONE DISCLAIMER: Cambridge Pavers does not offer a warranty on any of our Natural Stone products. Cambridge Pavers Inc. has partnered with quarries from around the world to offer Natural Stone products. Unlike manufactured stone, Natural Stone will vary in terms of color, pattern, and texture, because these are products of nature and not man-made. There are no two pieces alike when it comes to Natural Stone, that is what makes these products beautiful and unique. Natural Stone products delivered to your home may not be an exact product match to what you might have seen in a show room or in our brochure.

Natural Stone products can last a lifetime, but if you want to keep them looking like they did when first installed some general maintenance is necessary. Natural Stone products can stain and become scratched, because they contain naturally porous surfaces. To avoid staining from occurring keep surfaces clear of dirt, damp leaves, acidic products, and oils. If any of these things do come in contact with your Natural Stone remove them as soon as possible by cleaning naturally with a mild detergent, water, and a soft brush or cloth.

Sealing Natural Stone comes to personal preference. Some people feel unsealed stones get better looking with age, while others feel sealing their stones aids in easier clean up and less maintenance although this is not a guarantee. If you want your Natural Stone products delivered to your home may not be an exact product match to what you might have seen in a show room or in our brochure.

How to install your Cambridge Pavingstones System

**How to Install Your Cambridge Segmental Retaining Wall System**

Step 1 Excavation: Dig a trench roughly 8" deep and 12" wide. Fill trench with sand and tamp firmly until bottom is fairly level. Add 6" of 3/4" clean gravel and tamp again. Do not use de-icing salts (sodium chloride (NaCl)) on cast stone products. Cambridge cannot guarantee the color match of any replacement units. Cast stone products cannot be compacted.

Step 2 Leveling Course: Add 1" of course C-33 sand into bottom of trench.

Step 3 First Course: Place Cambridge wall units in trench leveling each other (beveled face outward on single-face units). Hop all units level in all directions. For straight walls, also use a string line.

Step 4 Additional Courses: Stack staggered wall units on top, staggering each new row back approximately 1/4". In this type of gravity wall installation, weight and end back of the units provide resistance. Backfill with 3/4" clean gravel fill and tamp as each course is completed. To prevent any granular fill or soil from passing through the system, a landscaping fabric can be placed behind the wall units. Add cap units if desired.

This is the basic recommended procedure for straight, circular and serpentine retaining walls up to 28" high. For higher walls, contact your Authorized Cambridge Distributor for advice. Installations guidelines must follow those as instructed by the Interlocking Concrete Pavement Institute (ICPI).
PHOTOGRAPHY INDEX

Pavingstones: The Sherwood Collection Ledgestone XL. Design Kit Bluestone Blend, Tangerine

Border: The Sherwood Collection Ledgestone 4 ½ x 9 Onyx. Custom Components: Old English Kitchen Onyx/Natural. Other photographs of installations featuring Limestone Quarry Blend pavers can be found on: Pages 1, 20, 33, 43, 46.

We are changing America’s Landscape with Pavingstones and Wallstones! We want towns all over the United States to upgrade their sidewalks, downtown areas, and municipalities with products that will outperform concrete and asphalt. We are allowing people to extend their living space beyond their four walls so that they can enjoy time with family and friends throughout the year. This is about something larger than a pretty driveway or patio. It is about an investment that makes people feel good about coming home or taking a walk in their local community. Our mission is to encourage positive change in the environments we utilize each and every day. We are proud to be a part of this change, one paver and one wallstone at a time.
Simply bring digital photos of your yard or existing driveway to an Authorized Cambridge Distributor or professional contractor and they will create realistic, computer-generated designs right before your eyes. You can also visit cambridgepavers.com and create images yourself. Preview the area illustrating your new patio, pool deck, walkway or driveway with any Cambridge Pavingstones, Wall System and outdoor living pre-packaged kit in actual colors, textures and patterns of your choice.

As an added service, we can make available an affordable design package including a 3D virtual tour and color blueprints created for you by an experienced design professional! At Cambridge, every project is important to us because it involves you, your home and your desire to improve the quality of your outdoor lifestyle. We are always grateful to be a small but important part of your plans.
